

RELEVANT INFORMATION FOR YOUR PET

This is the first year that Aparthotel Ciudad Laurel has joined the limited number of hotels in Mallorca that allow pets in their rooms.

We have equipped our **Standard Apartments** so that you can share your stay with your pet. Within the equipment of the apartment you will find a gel bed that regulates the temperature, feeding and drinking bowls, a bag to collect droppings and a welcome gift for your pet. This equipment is for the enjoyment of your pet and the following pets that will occupy this room.

We only accept one pet per apartment, weighing less than 30kg, and there is a supplement of 16 Euros/night.

In our complex you will find a canine WC area, and there are approximately 2492 m² for walking your pet. You can also use the tables on the outdoor terrace (in front of the stage) with your pet, as long as you keep your pet properly leashed at the table or kept in its bag, respecting the rules of the hotel and the tranquillity of the rest of the guests.

You will find a **Dog park**(administrated by the town hall of Son Servera) at 550 m from our accommodation, located in LLorer street in Cala Millor.

-Playa Na Patana, located in Santa Margalida at 35,3km from our accommodation.
